To Whom It May Concern:

Please allow me to write on behalf of Park Long.

I have had the pleasure to work with Park during the staging and performance period of my creation *Jekyll & Hyde* for Canada's Royal Winnipeg Ballet. Park Long was a true collaborator and added to the creative process and success of the ballet. The strength and confidence in their technique goes well beyond their age and because of that, I was able to challenge them even more. They are a very confident and well-liked artist and is striking on stage. Your eye goes to them immediately.

Please give Park Long every favorable consideration. Please do not hesitate to contact me with any questions.

Sincerely,

Val Caniparoli
